

2017 POWER PLANT SIMULATION CONFERENCE

WUTAB 2017

- Western Utility Training Advisory Board

JANUARY 16-19, 2017 | WYNDHAM BAYSIDE HOTEL | SAN DIEGO, CA USA

The next WUTAB conference and board meeting will co-locate with PowerPlantSim'17 creating a week long experience learning and sharing about training technologies.

The back to back program for the week will begin with the fossil track of Power-PlantSim'17 for the first half followed by WUTAB for the second half. The nuclear track of PowerPlantSim'17 will run all week.

The fossil power plant simulation program normally covers technologies used for training programs. The program for WUTAB 2017 will center around the good, bad, and ugly of using technology in the classroom and experiential training.

Conference and hotel registration will be handled through the Society for Modeling and Simulation (SCS) website at : <http://scs.org/powerplant/>

Vendor registration contracts are available at:

<http://scs.org/wp-content/uploads/2016/05/2017-SCS-Prospectus-Edits1.pdf>

San Diego is the perfect place to be in the middle of January. Make your travel plans now. Southwest is having a Winter Travel Sale.

The call for presentations is now open. Send your title, topic, or abstract to:

Erica Finley - 913.206.1674 (efinley@fttservices.net)

Tara Stuart - 816.255.5576 (tstuart@fttservices.net).
